Steve,

Thanks! I was looking for a paper copy and wasn't thinking to look for a cd. I found it and I'm good to go!

Kelly,

The mitigation plan should have been on the CD that I mailed to you, although I did not check each CD individually. Sorry. Unfortunately the Mitigation Plan is too big to send via Outlook (23.5 MB)....

What kind of options do you have for file sharing? I know the Corps has a way to do that, but I don't know how we do it and I am sure there are some major security checkpoints..... Let me know.

Steve

Steve,

Has a detailed mitigation plan for Gunter's Island been provided? I can't seem to find it if one was sent to me.

Thanks,
